

# 10,000 KOREAN VOTES

## Top 5 Benefits of Voting

What can we gain if 10,000 Koreans vote in Gwinnett? We can:

1. Successfully push for ballots in Korean
2. Advocate for having Korean translators at the polling sites
3. Influence politicians in Gwinnett to vote for our interests
4. Receive our fair share of government funding to support our Korean community (Korean senior centers, Korean community center, etc.)
5. Model what leadership in America looks like for our children and increase their chances of success.
