Assemble, vote, let us create a miracle.

I beseech you my Korean brethren, let us unite.
Let us vote for our rights, for our future.
Let us vote together for a brighter tomorrow.

If we don't vote, there is no future.
Let us look 10, no 100 years into the future.
Let us not be servants but masters of our lives.

No excuses about how busy you are.
Let us create a better tomorrow by our own hands.
Vote to be the masters lest you be servants of our lives.

Even grains of sand can be reinforced with cement.
If we unite our strength there is nothing we cannot achieve.
Let us not live meekly in the shadows, but boldly in the light.

Through miracles let us make immigration history.
Let us dream big in order to cultivate hope and courage.
Let us challenge the world of politics, business and law.

Let us go into the cities, states, government and white
house.

With our knowledge and our abilities, let us become the pillars of this nation.
Let us not doddle along, but be leaders driving this nation at the helm.
